Subject: RE: Incident Report IR-2025-1184 — Falling Debris Strike

Dear Ms Nurul,

Thank you for acknowledging receipt. To confirm, the worker Mr Tan Kah Wai sustained a minor cut to his forearm from the debris. First aid was administered on site — the wound was cleaned and bandaged. He continued working the same day. No medical treatment was sought. We have classified this as Level 5 per POL-CO-003 Section 5.1.

The toolbox talk the following morning covered falling object hazards and the importance of maintaining exclusion zones during overhead works.

Best regards,

Rizwan Halid
